

WANDERED
AWAY TO DIEBody of Woman Found Near
Hillborough Bridge, N. H.

SHE LEFT A SHORT NOTE

Was Seen Entering the Woods About
a Week Ago and Probably She
Wished to Die All
Alone.

Hillborough Bridge, N. H., May 26.—The body of a woman was found yesterday afternoon on the edge of a deep ravine from here on the edge of Deering by George Livingston, and although the name of the woman was ascertained by a note pinned to her clothing, she was a stranger and as yet no one has appeared who knew her.

The note found on the body said: "I have no relatives in this country. Katherine Lester." That was all that could be found which would in any way give the woman's identity.

She was about 45 or 50 years of age, neatly dressed and of good appearance. There was not a mark upon the body that would indicate in any way she had met with foul play, and from all appearances the woman knew she was going to die and went into the woods for that purpose. She lay under a big tree and was curled up as if she had lain down there and gone to sleep.

About a week ago Mr. Livingston saw a woman enter the woods not very far from where the woman's body was found, but at the time thought it was someone going to pick flowers, and so did not trouble to follow her. Undoubtedly the body is that of the woman who Mr. Livingston saw enter the woods, and if it is she had been dead about a week.

Without doubt the woman was homesick or discouraged, and feeling that she was going to die wanted to do so alone and not to be surrounded by strangers.

The body was removed to the undertaker's rooms of H. B. Currier, and today County Solicitor Edward H. Wason will hold an inquest. He had been notified by Undertaker Currier of the discovery.

Where the body was discovered by Mr. Livingston it is about three miles from Deering, and last evening Mr. Currier talked with the town officials in that place, but as far as could be learned they knew no person by that name or answering the description.

BEET TRUST FEARS INQUIRY.
Evidently Alarmed by Plans of Administration.

Washington, May 26.—Alarmed at the evident intention of the Administration to begin a crusade against the beet packing interests of the country, the beet trust is taking steps to counteract the President from his purpose, if possible. Knowing they have no standing with the Administration after the long battle in the courts in Chicago and the defeat of the Government it becomes apparent that the big beet trust magnates propose to work their ends through the cattlemen. It has long been recognized that when the assaults are made on the beet trust corporation either the cattle producers or the meat consumer is obliged to bear the brunt of the resulting disturbance of trade conditions, and now it seems no exception is to be made to this rule. Prices have been depressed for live stock, and the beef packers have told the cattleman that this has been due to the falling off in the demand for the product and to reduced production of the big packing concerns.

NORWICH THE WINNER.
In 12-Inning Game With Middlebury Yesterday.

Middlebury, May 26.—Middlebury college was defeated yesterday by Norwich university in a 12-inning game by a score of 3 to 1. It was a most interesting and exciting contest and the best one played on the home grounds this year. Taylor pitched the first five innings for Middlebury and allowed only two hits. (Three times) and gave up a pitched gutted ball. All the scores on both sides were made on errors. Middlebury outbatted Norwich, but lost on errors, making 11. Norwich's winning runs were made with two on bases and a hit past second.

HERRERA REFUSED
TO WEIGH IN

So His Fight With Nelson at Los Angeles Was Called Off Last Night.

Los Angeles, May 26.—There was no fight between Battling Nelson, the lightweight champion, and Aurelio Herrera last night as scheduled. After an almost interminable wait of 2½ hours the crowd was dismissed at 10:50 o'clock because Herrera refused to weigh in. Before the crowd of 4,500 was finally dismissed there was a squabble between the fighters and their managers over the weight. Both sides made charges of sharp practices on the part of the other in the matter of weight.

TRAVERS TO MEET BYERS.

Travis Defeated in Semi-Finals for the Golf Championship.

New York, May 26.—Walter J. Travis was defeated by E. M. Byers of Pittsburgh, two up and one to play in the semi-final round of the Men's Metropolitan golf association's championship tournament on the St. Andrews club's links yesterday. Jerome D. Travers of Montclair, N. J., won his match in the final round from James M. Rhea of the Crescent Athletic club, Brooklyn, five up and four to play, and Byers will meet him in the final round of 36 holes match play tomorrow.

SAID ENGINE WAS HOODOOED.

Sarah Bernhardt Greatly Excited by a Wreck.

Topika, Kans., May 26.—It is announced from the Chicago, Rock Island & Pacific offices in this city that the special train carrying Sarah Bernhardt and her company met with an accident to the trucks of one of the cars near Mankato yesterday afternoon, delaying the train two hours and twenty minutes. The Bernhardt company had an engagement in St. Joseph, Mo. The train dispatcher at this point says the wreck was not a serious one, that no lives were lost and that the train would reach St. Joseph at 8:30 o'clock, according to indications.

Mrs. Bernhardt seemed much excited and ran back and forth between her car and the locomotive. She demanded a new locomotive even after the derailed engine was replaced on the tracks. She claimed the locomotive was "hoodooed" and refused to permit her train to go ahead. The railroad was blocked several hours.

The tender of the locomotive of her train ran into the engine, and the rails, the locomotive finally leaving the rails, but remained upright.

CLEMMENT MUST PAY.

Or Else Go to Circuit Court of Appeals, Is Decision.

Windsor, May 26.—The May term of the United States court adjourned yesterday until the 19th day of June at two o'clock in the afternoon.

In the slander case of Wilson vs. Clement, the motion of defendant's attorney to set aside the verdict and the motion in arrest of judgment were overruled by the court, and the verdict of \$1,000 recovered at the February term at Burlington will stand unless the case is taken to the United States circuit court of appeals on exceptions.

William Lewis, the Vermont post-office burglar, who pleaded guilty Thursday was taken to the house of correction to begin his sentence of two years yesterday. His companion, John Jenkins, alias Burns, will be confined in the state prison here for safe keeping until his trial.

CHILD LOST LIFE WHILE
DOING CIRCUS ACT

Little Geraldine Ladobouche of Rutland

Topped into Creek While Standing on Her Hands.

Rutland, May 26.—While trying to do a "handstand," following a lesson from a circus player, who has appeared on the stage as a child gymnast, Geraldine Ladobouche, eight years old, fell into the East creek late yesterday and was swept away before help could be summoned. The girl and her three-year-old brother were being put through a course of stunts by Henrietta Miles, it is said, on the bank of the creek, in close proximity to the water. The Ladobouche girl was balancing on her hands, when she suddenly toppled and fell into about three feet of water. She quickly disappeared from sight, being swept out into the deep, swift current. The police were notified and the river was dragged for more than 800 feet, the search being given up at a late hour. The victim was the daughter of Mr. and Mrs. Charles Ladobouche.

WILL TAKE ACTION.

Burlington's Mayor Tells of Water Situation in His City.

Burlington, May 26.—Mayor Burke has sent the following letter to Dr. H. D. Holton, secretary of the state board of health, in reply to the latter's query as to what explanation the mayor had to offer for not complying with the board's warning notice of a year ago about Burlington's water supply.

Burlington, Vt., May 22, 1906.

Dear Sir: In reply to yours of the 18th will say that I fully agree with you in having our water question settled as soon as possible; but as you know, a peculiar situation confronts us as to the proper method to pursue, the sentiment being much divided amongst our citizens. I can assure you that some definite action will be taken at once to comply with the order of the state board of health. Hoping that this may be satisfactory to you, I remain, respectfully yours, James E. Burke, Mayor.

NO REASON KNOWN.

Why Hazen Tyler Should So Suddenly Disappear.

Burlington, May 26.—Where is Hazen Tyler? That is the question C. C. Bliss, who conducts a dairy farm in South Burlington, is asking. Mr. Tyler had been employed by Mr. Bliss for over six weeks and had always proved a most efficient farm hand, but last Sunday he suddenly disappeared, leaving no trace of his whereabouts. He drove the milk wagon to this city in the morning as usual, returned the team to the barn, donned his Sunday clothes and left the house without seeing any of the occupants.

There is no apparent cause for his leaving the farm for his accounts are all straight and a sum of money due him for salary is waiting him. He is of medium height, with light hair and eyes. He formerly resided in Westford and his friends think that perhaps he returned to that town.

WERE BEING HAZED.

And Were Arrested for Getting Into Public Fountain.

Poughkeepsie, N. Y., May 26.—Eastman college students, including Thomas Dillaway, 21 years, of Burlington, Vt., the other two being Brush Newman, 21 years, of Houston, Tex., and John Talbot, 16 years, of Memphis, were arrested about 2 o'clock this morning for wrestling in the water in the soldiers' fountain in one of the public squares in this city.

The three young men were locked up for the night and this morning the city court judge sent them to jail in default of \$200 bail each. Later one of the professors of the college furnished the necessary bonds. While the boys pretend they were on a lark, it was said about town this forenoon that they were being hazed by upper classmen.

Mrs. Robinson, the four-weeks' bride of George W. Robinson, owner of the Gauntlet, accompanied her husband on the voyage and will divide the watch with him.

PROMINENT BRANDON MAN.

Charles H. Holbrook Succumbed to Consumption.

Brandon, May 26.—Charles H. Holbrook, who has been ill for the past year with tuberculosis, died at his home on Park street Thursday evening. He was 58 years of age and is survived by a wife, one brother, Giles Holbrook, of Norwood, N. Y., a nephew, Frederick Holbrook of Boston. Mr. Holbrook came to town 35 years ago and took a position at the Brandon railroad station and has been the station agent for 25 years. He was also express and mail agent for many years. As station agent Mr. Holbrook has been not only a good man for the railroad, but his influence has often been very beneficial to Brandon, and every citizen will regret to learn of his death. He was a member of the K. K. K. lodge, No. 35, F. & A. M., of this town, and also had been grand lecturer of the grand lodge of Vermont. ANNUAL PRIZE DEBATE.

The Two Societies at Montpelier Seminary Meet on Opposite Sides.

Montpelier, May 26.—The annual prize debate at Montpelier seminary for two prizes of \$15 and \$10 held last evening in the chapel attracted a good-sized audience. The subject for discussion was whether "The Railroads of the United States Should Be Owned and Controlled by the Government."

Three members of the Band society, Harold E. Bishop, Dean W. Blodgett and Truman J. Allen spoke for the affirmative while H. S. Bulkeley, James M. Seaver and William B. Jones, members of the Adelpheia society, championed the negative.

In reply to the Rev. Dr. H. A. Roberts, Principal E. C. Thompson of the high school and George O. Boyles, the judges met at the conclusion of the debate and awarded the prizes, but their decisions will not be made public until commencement day.

Schenectady, N. Y., May 26.—Express train No. 24 on the New York Central railroad was derailed at Hoffman's early this morning, eight express and baggage cars injured, the mail, blocking traffic. Six horses in one of the cars were killed and one man, the express messenger, was slightly injured.

The wreck was probably due to the fishplates being tampered with by striking alien section men, who quit work.

There have been several surprises among the gazers at the census check lists that have been posted at the City Hall according to the law, because of the pens in which some of the citizens of Barre have placed themselves. DEMOCRATS
FAVOR FUSIONWant G. H. Pape Named for
Second Place

ON TICKET WITH CLEMENT

Strong Sentiment in Favor of Such a
Course in Barre—Belief That Young
Legislator's Record Would
Help Clement Ticket.

That there is to be a fusion of the Democrats and Mr. Clement and his supporters on a state ticket seems extremely probable now. The Democrats of Barre and vicinity are very pronounced for such fusion, and they go further and propose the name of Representative G. Herbert Pape as the man for second place on the ticket. While some of the old-time Democrats of other parts of the state favor a straight Democratic ticket, there is no such sentiment in Barre, and the men of the party only have been able to elect their candidate for representative in the last four elections. At two of these Mr. Pape has been the successful candidate against good and capable Republicans. Just to find out the sentiment of the Democrats in Barre the Times has interviewed several of the leading men of the party and gives their views below:

M. J. McGowan, state committeeman from Washington county, said: "I think fusion is the only thing for the Democrats this year. We have been campaigning for the past 40 years without increasing our vote and I think that with a fusion ticket made up of Clement and Pape there is a possibility of our carrying the state this year."

Ex-Mayor E. L. Smith, one of the Democratic war horses of Barre, said: "We have got nothing to lose and a good many years, that we are ruled by a ring that is extravagant in state affairs. I believe that with Pape in second place on the ticket we could sweep the state."

S. H. Forsyth, member of the Democratic city committee from ward 4, said: "I believe that with Clement and Pape we will roll up a vote that will astonish the followers of Proctor."

C. W. Melcher, ex-mayor of Barre, said: "I am strongly in favor of fusion and I think this the greatest opportunity we've ever had to win. The fact that the Republicans are so strong for the Democrats to run a straight ticket shows how they feel about it. I've always found it good politics to discover what the Republicans want us to do and then do just the opposite. This year the governorship lies between Clement and Proctor and I believe that the Democratic ticket stands no show whatever. The only thing for the Democrats to do is to vote for Clement. Lieberman for governor and G. Herbert Pape for lieutenant governor, after the brilliant record he made in the state assembly, it would be the strongest state tickets put up in Vermont in recent years."

John E. Smith said: "What do I think of the fusion of Clement and the Democrats? It's the only thing for the Democrats to do if they ever want to win."

George N. Tilden, secretary of the Democratic county committee of Washington county, when approached on the matter said: "I am heartily in favor of fusion with Clement and Pape. I feel that when the Republican party is so strong for the Democrats to run a straight ticket, and are so warm in advocating it editorially and otherwise, the proper thing for the Democrats to do is to go contrary to their wishes. With the great feeling of unrest that is manifest in the country and in Vermont, and the fact that the Democrats are the only party in Vermont that has advocated fusion for years, and I believe that if they are honest to themselves, and true to their advocacy, they will join hands with other independent men throughout the state and have Mr. Clement elected governor this year."

Donald Smith, head of the firm of E. L. Smith & Co., when approached on the matter, said: "Vermont is one of the worst boss-ridden states in the nation. Combination for the high office of governor have been fixed for years in advance by the dominant party in Vermont. I have voted the Democratic ticket in Vermont for twenty years, and I fail to see where any advancement has been made in the cause of Democracy in Vermont at that time. I notice that an effort is being made by some of the men who have posed as leaders of
